Overview

Intermediate Financial Reporting: an IFRS Perspective explains the financial reporting concepts, accounting treatments and requirements, and preparation and presentation of financial statements encountered at the corporate or individual entity level (*i.e. intermediate level*) by using the most updated International Financial Reporting Standards (IFRSs, equivalent to HKFRSs).

This book also contains numerous illustrative examples and real-life cases to help readers digest and understand the IFRSs. Accountants will find it useful in their daily work and can use it as a guide in preparing, analysing and auditing the financial reports. Prospective accountants will find it a good reference not only for their daily work but also in their professional examinations.

Features

- Latest coverage of IFRSs (equivalent to HKFRSs)
- Numerous illustrative examples
- Real-life cases sourced from Hong Kong and places around the world
- Exercises, problems and case studies
