Related Party Disclosures

(HKAS 24)

Key Amendments

- Related party – Definition change
- Government-related entities – Definition and Exemption
- Commitment is included for disclosure

Definition of a Related Party

- A **related party** is a person or entity that is related to the entity that is preparing its financial statements (i.e. reporting entity).
 - a) A person or a close member of that person's family is related to a reporting entity if that person:
 - i. has control or joint control over the reporting entity;
 - ii. has significant influence over the reporting entity; or
 - iii. is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

Definition of a Related Party

- A **related party** is a person or entity that is related to the entity that is preparing its financial statements (i.e. reporting entity).
- b) An entity is related to a reporting entity if any of the following conditions applies:
 - i. The entity and the reporting entity are members of the same group (which means that each parent, sub. and fellow sub. is related to the others).
 - ii. One entity is an associate or JV of the other entity (or an associate or JV of a member of a group of which the other entity is a member).
 - iii. Both entities are JV of the same third party.
 - iv. One entity is a JV of a third entity and the other entity is an associate of the third entity.
 - v. The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
 - vi. The entity is controlled or jointly controlled by a person identified in (a).
 - vii. A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Definition of a Related Party – Key Changes

- Clearly separate the related party to 2 angles:
 - 1) Person (replaced “individual” as well), and
 - 2) Entity
- Eliminate inconsistencies in the definition and make it symmetrical:
 - When Entity A is identified as a related party in Entity B’s financial statements, Entity B will also be identified as related party in Entity A’s financial statements.
- Entities with only “common significant influence” (no matter from an entity or a person) are not related to each other
- However, whenever a person or entity has both
 - joint control over Entity X and
 - joint control or significant influence over Entity Y,
 - Entity X and Y are related to each other.

Definition of a Related Party – Key Changes

Example

- Entity A and Entity B are related to each other in both Entity A's and Entity B's financial statements
- Previously, they are not regarded as related parties.

Definition of a Related Party – Key Changes

Example

- Entity A and Entity B are not related to each other in both Entity A's and Entity B's financial statements

Definition of a Related Party – Key Changes

- Remove the term “significant voting power” in the definition of a related party
- Clarify that
 - An associate includes subsidiaries of the associate and
 - A joint venture includes subsidiaries of the joint venture
 - Two entities are not related parties simply because a member of key management personnel of one entity has significant influence over the other entity.
- Amended that
 - Close members of the family of an individual are (not may) those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include (not “they may include” as in previous HKAS 24):
 - a) the person’s children and spouse or domestic partner;
 - b) children of the person’s spouse or domestic partner; and
 - c) dependants of that person or that person’s spouse or domestic partner.

 - The interaction between qualitative and quantitative disclosures contributes to disclosure of information in a way that better enables users to evaluate an entity's exposure to risks. (HKFRS 7.32A)

 - b) a description of collateral held as security and of other credit enhancements, and their financial effect (eg a quantification of the extent to which collateral and other credit enhancements mitigate credit risk) in respect of the amount that best represents the maximum exposure to credit risk (whether disclosed in accordance with (a) or represented by the carrying amount of a financial instrument).

Recovery of Underlying Asset

(Amendments to HKAS 12 Income Tax)

23

Introduction

- HKAS 12 *Income Taxes* requires an entity to measure the deferred tax relating to an asset depending on whether the entity expects to recover the carrying amount of the asset through
 - use or sale.
- It can be difficult and subjective to assess whether recovery will be through use or through sale
 - when the asset is measured using the fair value model in HKAS 40 Investment Property.
- The amendment provides a practical solution to the problem
 - by introducing a presumption that recovery of the carrying amount will, normally be, be through sale.

No such exemption for PPE using revaluation model under HKAS 16

24

Recovery of Underlying Asset

- If a deferred tax liability or asset arises from investment property that is measured using the **fair value model** in HKAS 40,
 - there is a **rebuttable presumption** that the carrying amount of the investment property will be recovered through sale.
- Accordingly, unless the presumption is rebutted,
 - the measurement of the deferred tax liability or deferred tax asset shall reflect the tax consequences of recovering the carrying amount of the investment property **entirely through sale**. (HKAS 12.51C)

i.e. no deferred tax is required when tax on sale is zero!

- This presumption is rebutted if the investment property
 - is depreciable and
 - is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.
- If the presumption is rebutted, the requirements of HKAS 12.51 and 51A shall be followed.

Effective Date and Transition

- An entity shall apply the amendments for annual periods beginning on or after 1 January 2012.
- Earlier application is permitted.
- If an entity applies the amendments for an earlier period, it shall disclose that fact.

 - a) Phase 1: Classification and measurement of financial assets and financial liabilities.
 - b) Phase 2: Impairment methodology.
 - c) Phase 3: Hedge accounting.
- HKFRS 9 issued so far includes only the chapters relating to Phase 1 (classification and measurement of financial assets and financial liabilities).

Chapter 5.7 Gains and Losses

- An entity shall present a gain or loss on a financial liability designated as at fair value through profit or loss as follows:
 - The amount of change in the fair value of the financial liability that is attributable to **changes in the credit risk** of that liability shall be **presented in other comprehensive income** (see para. B5.7.13–B5.7.20), and
 - the **remaining amount of change in the fair value** of the liability shall be **presented in profit or loss**
 unless
 - the treatment of the effects of changes in the liability's credit risk described in (a) would **create or enlarge an accounting mismatch in profit or loss** (in which case paragraph 5.7.8 applies). (para. 5.7.7)

In that case, an entity shall present all gains or losses on that liability in profit or loss (para. 5.7.8)

- If an entity applies HKFRS 9 in its financial statements for a period beginning before 1 January 2013,
 - it shall disclose that fact and at the same time apply the amendments in Appendix C (i.e. Amendments to other HKFRSs). (para. 7.1.1)

- An investor controls an investee when
 - it is exposed, or has rights, to variable returns from its involvement with the investee and

Fair Value Measurement

(HKFRS 13)

1. Introduction

- HKFRS 13 is a single standard to address the measurement fair value used in many other HKFRSs:
 - a. defines fair value;
 - b. sets out in a single HKFRS a framework for measuring fair value; and
 - c. requires disclosures about fair value measurements. (HKFRS 13.1)

Definition of
Fair Value

Single Framework for
FV Measurement

Disclosure

2. Definition of Fair Value

- Fair value is defined in HKFRS 13 as
 - the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (HKFRS 13.9)
 - i.e. an exit price
 - It is a market-based measurement, not an entity-specific measurement
- Historically, fair value is normally defined as:
 - The amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Definition of Fair Value

2. Definition of Fair Value

The IASB considered the previous definition of fair value:

- a. did not specify whether an entity is buying or selling the asset;
- b. was unclear about what is meant by settling a liability because it did not refer to the creditor, but to knowledgeable, willing parties; and
- c. did not state explicitly whether the exchange or settlement takes place at the measurement date or at some other date (HKFRS 13.BC30)

- Historically, fair value is normally defined as:
 - The amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

3. Fair Value Measurement

- HKFRS 13 explains that a fair value measurement requires an entity to determine the following:
 - a. the particular asset or liability being measured;
 - b. for a non-financial asset, the highest and best use of the asset and whether the asset is used
 - in combination with other assets or
 - on a stand-alone basis;
 - c. the market in which an orderly transaction would take place for the asset or liability; and
 - d. the appropriate valuation technique(s) to use when measuring fair value.
 - The valuation technique(s) used should maximise the use of relevant observable inputs and minimise unobservable inputs.
 - Those inputs should be consistent with the inputs a market participant would use when pricing the asset or liability. (HKFRS 13.IN10)

Single Framework for FV Measurement

Fair Value Hierarchy (3 levels)

3. Fair Value Measurement

HKFRS 13: Effective Date

- An entity shall apply HKFRS 13 for annual periods beginning on or after 1 January 2013.
- Earlier application is permitted.
- HKFRS 13 shall be applied prospectively as of the beginning of the annual period in which it is initially applied.
- The disclosure requirements of HKFRS 13 need not be applied in comparative information provided for periods before initial application of HKFRS 13. (HKFRS 13.C1)

Presentation of Financial Statements

(HKAS 1 Revised)

Presentation of Financial Statements

- In June 2011, the IASB further amended IAS 1 for annual periods beginning on or after 1 July 2012 in order to
 - Distinguish different items of other comprehensive income, and
 - Align with the accounting practices in US.
- The presentation of other comprehensive income in IFRS and accounting practices in US will be aligned.
- HKICPA issued the same amendment in July 2011.

Presentation of Financial Statements

- The main amendment of HKAS 1 requires an entity to
 - Classify line items for amounts of other comprehensive income (OCI) in a period by nature,
 - Group and present them in accordance with other HKFRSs into:
 1. Those items of OCI that will not be reclassified subsequently to P/L; and
 2. Those items of OCI that will be reclassified subsequently to P/L when specific conditions are met (HKAS 1.82A).

OCI not reclassified

OCI may be reclassified

Presentation of Financial Statements

- Changes in revaluation surplus of PPE recognised under HKAS 16;
- Changes in revaluation surplus of intangible assets under HKAS 38;

- Translation reserves under HKAS 21;
- FV changes on available-for-sale financial assets under HKAS 39; and

Amended presentation requirements

Presentation of Financial Statements

- In addition to the main amendment, HKAS 1 is also amended and updated with the following points:
 1. A new statement title, **statement of profit or loss and other comprehensive income**, is introduced and it can be used to distinguish from statement of comprehensive income which may be used to present comprehensive income only (HKAS 1.10 revised in 2011);
 2. Similar to the above title, another new statement title, **statement of profit or loss**, is also introduced to formally replace income statement, or separate income statement, to present items of profit or loss only (HKAS 1.10A);
 3. Components of other comprehensive income is formally described as **items of other comprehensive income**; and
 4. A term, i.e. **comprehensive income**, is formally introduced and represents the total of profit or loss and other comprehensive income (HKAS 1.81A).

HKAS 1: Effective Date

- *Presentation of Items of Other Comprehensive Income* (Amendments to HKAS 1), issued in July 2011, amended paragraphs 7, 10, 82, 85–87, 90, 91, 94, 100 and 115, added paragraphs 10A, 81A, 81B and 82A, and deleted paragraphs 12, 81, 83 and 84.
- An entity shall apply those amendments for annual periods beginning on or after 1 July 2012.
- Earlier application is permitted.
- If an entity applies the amendments for an earlier period it shall disclose that fact. (HKAS 1.139J)
